A CHALLENGE THAT IS AN OPPORTUNITY

Indian Olympic Association has come a long way since its inception in 1927. Having held National Games in 14 cities through which we have created sports infrastructure around the country. Aided by the hosting of the SAF Games, the other multi-disciplinary games through which sports infrastructure of international standards was created in Kolkata & Chennai.

The Asian Games in 1951 and 1982, the Commonwealth Youth Games held in Pune in 2008 and the coming Commonwealth Games in New Delhi in 2010 have further strengthened sports movement in our country.

Through the National Club Games, IOA would like to carry the Olympic message right down to the grassroots level.

This is a challenge for the Indian Olympic Association, State Olympic Associations and National Sports Federations, but it is a challenge we must take on if we wish to find ourselves in the front ranks of the Global Olympic Movement. For the purpose we would provide support in every way we can.
